

**CHURCH<sup>+</sup>**

— LIFE IS BETTER TOGETHER —

PHASE 4 RE-ENGAGEMENT PLAN

## House Church Guidelines

- Limit gathering size to state recommendation. (Small group size should be limited to 10 people or less. In cases of large family's, the number of households should be more limited to stay as close to the recommended level as possible.)
- Space people six feet apart.
- Face coverings are encouraged.

Please use these along with any other state recommendations to inform your decision making as you seek to gather together. These guidelines are recommendations and each group may implement them as they choose.
